

I Wish...

“Star light, star bright, first star I see tonight. I wish I may, I wish I might have this wish I wish tonight.”

I wish that everyone believed...

...that you don't have to change friends if you understand that friends change.

...that no matter how good a friend is, they're going to hurt you every once in a while and you must forgive them for that.

...that true friendship continues to grow, even over the longest distance. Same goes for true love.

...that you can do something in an instant that will give you heartache for life.

...that it's taking me a long time to become the person I want to be.

...that you should always leave loved ones with loving words. It may be the last time you see them.

...that you can keep going long after you can't.

...that we are responsible for what we do, no matter how we feel.

...that either you control your attitude or it controls you.

...that no matter how bad your heart is broken the world doesn't stop for your grief.

...that our background and circumstances may have influenced who we are, but we are responsible for who we become.

...that just because two people argue, it doesn't mean they don't love each other. And just because they don't argue, it doesn't mean they do.

...that you shouldn't be so eager to find out a secret. It could change your life forever.

...that two people can look at the exact same thing and see something totally different.

...that your life can be changed in a matter of hours by people who don't even know you.

...that even when you think you have no more to give, when a friend cries out to you, you will find the strength to help.

...that credentials on the wall do not make you a decent human being.

...that the people you care about most in life are taken from you too soon.

I wish that everyone would learn to reach for the stars and focus on their goals. Have the desire to be the best person you can be and make an impact in the people you touch. Don't lead others astray. Ask your heart for the truth and it will come up with the answer and the good judgment to make the decisions you'll need to make. Love everyone, and don't question love's reception. Do the best you can. Live each day as it comes. We can't get ahead of ourselves anyway.

Remember: Just as you have questions now, somewhere inside you, and down the road, there will be better answers and workable solutions. It takes patience and trust to get through life's changes when you're trying to reach goals, solve problems, and make dreams come true. Though at times it may seem more than you can take, I know you are strong, and you can handle whatever comes your way. Trust in yourself... believe... and don't be afraid to wish upon a star.
